► **ASHANTI**'s *Concrete Rose* may not grace stores until December, but the Inc.'s resident muse is still providing the sweets with "Only U," a darkly romantic new single. THEINC-RECORDS.COM

► **BECK** and Pharrell harmonize like long-time falsetto friends over Jay-Z's rhyming in "Frontin' on Debra," DJ Reset's soulful mash-up of Beck's "Debra" and the Neptunes' "Frontin'." ITUNES.COM

► With former *Six Feet Under* playa Eric Balfour on vox, **FREDALBA** unite cultures à la Ozomatli. See for yourself on the remixed "Revelation," from *Uptown Music for Downtown Kids*. PILLERRECORDS.COM/REMIX
